

Sensation To Emotion

Save the Date

MARCH 2-3, 2009

An interdisciplinary conference uniting researchers, clinicians and parents to advance the understanding of how sensory processing impacts emotion regulation. This year's theme is auditory over-responsivity, the fear response, and related disorders. Ways in which research translates into therapeutic intervention are also addressed.

KEYNOTE ADDRESS

Joseph LeDoux, Ph.D.

OPENING PRESENTATIONS

Lucy Miller, Ph.D. OTR

M. Zachary Rosenthal, Ph.D.

Presented by:

SENetwork (Sensation and Emotion Network) and E.M.B. Brout Sensory Processing and Emotion Regulation Program at Duke University.

Partners:

Institute for Music &
Neurologic Function
A Member of the Beth Abraham
Family of Health Services

Talking Science

Who should attend:

This special 2-day collaborative event is for psychologists, mental health professionals, educators, OTs, PTs, parents and behavioral specialists.

Conference Tuition

\$300 before December 12, 2008

\$350 from December 12 - February 2, 2009

\$375 after February 2, 2009

Space is limited – Sign up now.

Location: 630 Second Avenue, New York City, NY

Rock-It Science

Join us for a music festival to benefit research on sensory processing and emotion regulation. Rock-It Science is the brain child of **Dr. Joseph LeDoux**, and will showcase scientists who also perform music.

March 3rd 7:30 pm

ROCK-IT SCIENCE

at Crash Mansion, NYC
